

# Wild Oasis

3 Season — 1 Person - 13 Ounce - Tarp/Tent

\$175

The **Wild Oasis** is a lean, mean, no frills, down and dirty shelter for ultralight hikers on the move. It packs so small and light it might literally get lost in your pack.

The **Wild Oasis** is large enough for a comfortable night's rest without the claustrophobia of a small tarp. With its full **360 degree** protection there's no need to carry an additional bivy.

The **Wild Oasis's** No-See-Um skirt perimeter eliminates the need to carry a bug net to keep away those pesky mosquitoes. The skirt's generous 18 inch width allows you flexibility in setting up the shelter at different heights. The skirt is tapered to minimize its tendency to roll beyond the edge of the canopy and become a rain wick.

The **Wild Oasis's** zippered entry makes getting in and out a breeze. It sets up using a single hiking pole or optional Carbon Fiber pole. To eliminate the interior pole you can hang it from a tree limb.

Like a tarp, the **Wild Oasis** can be set up at different heights. Low when the weather threatens or high on nice nights to get maximum ventilation.

## Features

- Full 36 degree weather protection
- Zippered Entry
- Full 18" No-See-Um Skirt
- High—Low Ventilation
- Easy Single Pole Setup

## Specifications

### Color

- Gray

### Weight

- 13 oz. - .4 k

### Coverage

- 35 ft<sup>2</sup> - 3.2m<sup>2</sup>

### Packed Size

- 6" x 5"

### Stakes Required

- 6 (not included)

### Includes

- Tarp, Stuff Sack, Guylines

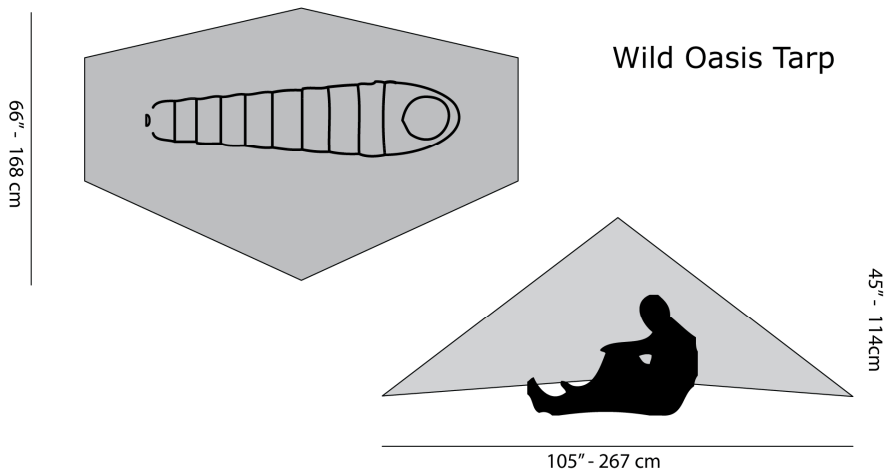

### Materials

- **Mesh:** 20D No-See-Um
- **Canopy:** 30D Silicone Nylon
- **Zipper:** #3 YKK

## Options
